

NEW HORIZON COLLEGE

Affiliated to Bangalore University, Recognized by Govt. of Karnataka
Recognized under section 2 (f) of the UGC Act, 1956

Date: 1st February 2020

Place: Chowdappanahalli Village

Club Name: Elite Horizonites

Subject: Event Report on Medical Camp

Looking back one week ago, this seemed like a herculean task that the Leos were sceptical about, but our president and his determination would be deterred by none. Soon after a meeting, the president and secretary made sure that they got in touch with our father club Lions club Bangalore Host in order to get the right direction in organising a medical camp for the villagers of Chowdappanahalli village. Rightly so, the president of LCBH Dr. Mahesh N Kukreja and the secretary of LCBH Lion Manjunath guided us through this plan wherein they helped us in arranging doctors for our medical camp.

(In pic: Lion Mahesh Kukreja and Lion Manjunath)

The two geniuses that guided us with their experience and knowledge.

We managed to get doctors from Ambedkar medical college for dental check-up, doctors from Mfine for blood pressure and sugar check-up and finally a team of doctors from GCE taking care of the eye check-up.

The team of doctors, well versed and very well guided by the Leos.

Before organising the medical camp, we needed to aware the villagers of this camp and what is it all about. This work was carried out by our energetic Leos from Elite Horizonites wherein they stepped in to make sure that each villager was aware of what was happening in their village and in the end making sure that they tell the villagers who would this medical camp benefit. Two days prior to the camp date, Leos made sure that they visited the village and raised an awareness about this medical camp and its benefits.

Mrs. Shashikala Mam ensured that such a task was carried out with full support from our college principal Dr. Vijaya Reddy. Whilst our President Leo Subramani ensured the cooperation and support of 25 Leos and 2 Lions that worked from 9 AM to 3 PM selflessly and enthusiastically.

Let's work it off!

In the end I would like to thank the Gram Panchayat of the village in giving us the nod for organising such a camp with complete support and cooperation from their end. A special mention to the village head in offering a hand by replenishing the energy levels of our Leos and Lions by offering lunch at his home (And yes, the lunch was delicious. In fact I was thinking that the city folks spend thousands to eat and spend time in villages and here we were getting

it all in our package of being a Leo). Keep serving until the end of time Leos after all that's what we are all about.

When hungerpang is the new photogenic material!!!
